# PRIMARY WEEKLY NEWSLETTER

## THANK YOU!

Thank you to all parents and families for joining our first Learner Profile Assembly on Friday! We honored students who received awards for their learner profiles and celebrated those born in August. This event was followed by the Parent Support Group Meeting, where participants had the opportunity to meet with school administrators and learn about MAP Growth Testing, Dot Day, the Intro to the IB Approaches to Learning Skills, and important upcoming dates. Your participation is invaluable to our school and helps ensure that we continue to work closely together in developing our students.

## WHAT IS MAP GROWTH TESTING?

MAP Growth Testing is an adaptive assessment tool developed by the Northwest Evaluation Association (NWEA) in the USA. It measures students' academic progress in key areas such as reading and mathematics for Grades 1 and 2, and includes language usage for Grades 3 to 6. The test adjusts its difficulty based on each student's responses, providing a personalized assessment experience.

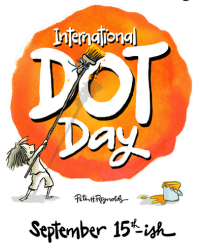

If you have any questions about the testing process or how it benefits your child, please feel free to reach out!

## DOT DAY AND WHY WE CELEBRATE

We are excited to celebrate Dot Day on Monday, September 15th! This fun and creative day encourages students to express their individuality and creativity through art. Inspired by the book "The Dot" by Peter H. Reynolds, Dot Day promotes the idea that everyone can make their mark in the world.

We encourage you to support your child by having them wear clothing with dots or create their own dot-themed accessories. Let's come together to celebrate creativity and self-expression!

We're Celebrating

September 15<sup>th</sup> - 16<sup>th</sup>

## ELL PARENT INFORMATION MEETING

We invite all ELL parents to join us for an important information meeting to learn more about the English Language Learning services your child is receiving at school. This session is crucial for understanding the objectives, procedures, and the support our ELL teachers provide to students.

Your participation will help you gain valuable insights into how we can work together to support your child's language development and success.

## FLAG RAISING

**Monday, September 8**

**Sofia + Leo**

**Tuesday, September 9**

**Yuki + Jayden**

**Wednesday, September 10**

**Tang Tang + Andy**

**Thursday, September 11**

**Ai + Leo**

**Friday, September 12**

**Fay + Jayden**

## TIPS FOR EASING SEPARATION FOR NEW STUDENTS

We understand that separation can be challenging for young children. Here are some tips to help make the transition smoother for both parents and students: Establish a Goodbye Routine by creating a simple and consistent goodbye ritual, stay calm and confident as your child will pick up on your emotions. Staying calm and positive can help reassure them that everything will be okay.

# Learner Profile Assembly

This week, our school community gathered for a Learner Profile Assembly led by our Grade 1 students. The focus was on the Learner Profile attribute Principled, which connected beautifully to their first Unit of Inquiry, Who We Are. The students were courageous and displayed strong communication skills as they presented what they had learned about making good choices and acting with integrity. As part of their action, they created colorful posters to place around the school, reminding all of us how to be principled in our daily lives. Their performance was inspiring, and we are so proud of the way they shared their learning with the whole community.

## After School Activities

We are off to a great start with After School Activities. Students are engaged with their creativity and showing their athletic abilities. We are looking forward to seeing their colorful projects and participation with other schools in sports.
