29 - U20 Football Tournament .
31 - Halloween

Dear Parents and Students

As you can see by the variety of activities shown below, that September has been a busy month.

Busy meaning that the students have been exposed to a range of activities that most students their age would not have the opportunity to do so. Is being busy with a broad range of activities a bad thing? When you consider the alternative which a lot of students engage in, sitting staring at a screen, then the answer has to be yes. Society wants communicators, problem solvers, inquirers and collaborators. The Residential program, like school, is practice for real life. Residential students who have graduated are far better equipped to face the real world as they have had that much more experience and practice than most. Aren't they lucky?

THEY ESCAPED FROM THE ESCAPE ROOM

**A TEAM CHALLENGE.
PLAN A HOLIDAY.**

FLIGHTS, HOTELS, TRANSPORT, FOOD.

**A 2 week painting
workshop.
Some of the
students excelled
in this.**

Leading a balanced life. Physical activity. Going for a hike and our boys playing football.

**All that activity has made them hungry.
Time to make some dumplings.**

They may lack skill but there's plenty of enthusiasm

**HELPING
OTHERS
CAN BE
A LOT OF FUN
AND
REQUIRES
TEAMWORK.**

PRACTICING HIS GOLF SWING

TRAINING FOR A JOB AT IKEA

A CERAMICS WORKSHOP

**HONING THEIR COOKING SKILLS
AT A COOKING WORKSHOP**
