**Reports released at 3:30**

**20 - 11 January - Winter vacation**

Dear Parents and Students

November has seen a number of residential students involved in school and residential activities. CMAC sports teams, Model United Nations, Thai day parade and dancers, After school activities and university fairs as well as weekend workshops, residential camp, sales at Christmas tree lighting and Night Safari cross country fun run. Apart from all these activities they have been very focused on their academic growth. Developing a healthy work/life balance is something we monitor closely in residential so that by the time they graduate they have a good understanding of leading a balanced life.

**Thai Day celebration. Residential boys before and after.**

Community • Diversity • Responsibility • Balance

## PAINTING WOODEN ANIMALS AT THE TAWAI WOOD CARVING VILLAGE

## Making wontons, BBQ and hotpot. Great life skills.

If your child is flying home over the winter break please send us the flight details as soon as possible so we can arrange safe transport to and from the airport. Your cooperation with this is greatly appreciated.
