

"APISP joins the Nation in mourning the Loss of Her Majesty Queen Sirikit, the Queen Mother"

Forever in our hearts, with profound gratitude for Her immeasurable grace and benevolence.

The Board of Directors, Administrators, Faculty and Staff
American Pacific International School (Primary)

PRIMARY WEEKLY NEWSLETTER

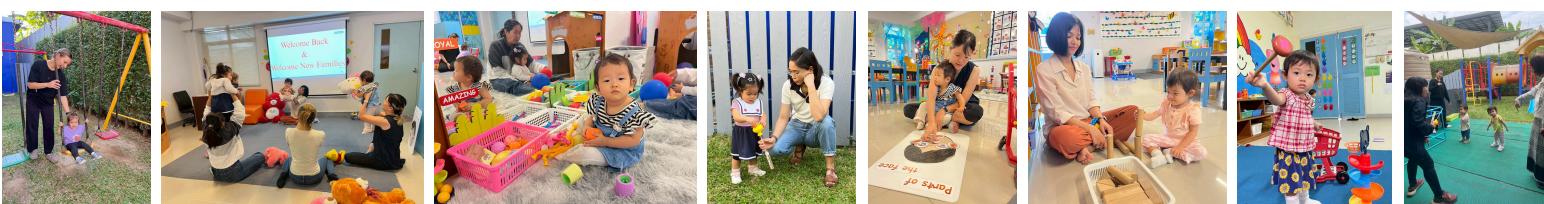

MINI & MI SESSION 2

We are excited to announce that our Mini & Me class, held on Tuesdays and Thursdays during the second semester, has welcomed our little students who have already joined Ms. Sonia and Ms. Tangkwa. The young children are adapting quickly to the routine and becoming familiar with the school community. We greatly appreciate the support parents have provided to help students through this transition. Thank you for your continued partnership!

PRE-NURSERY CLASS UPDATE

As our Mini & Me class begins, we're also pleased to share that our Pre-Nursery class opened when we returned to school last week. This age group attends on Mondays, Wednesdays, and Fridays. The students are quickly learning their routines and enjoying their time with their teachers and classmates. We look forward to seeing their continued growth and happiness in the classroom!

ASA SEASON 2 RESUMES

We are excited to announce that the After School Activities (ASA) Season 2 has started back up this week and will run through February. Parents, please plan to pick up your child/ren up on time, as students can feel lonely waiting for their rides while their friends have already gone home. If you have an emergency and cannot make it on time, please contact the school office so we can inform the students that you are on your way.

Thank you for your cooperation!

COUNTRY BOOTH PREPARATION

Students, teachers, and parents are currently preparing their country booths for the upcoming event, getting ready to present their cultures and share important information. This is a wonderful opportunity to show pride and nationalism. If you have any questions or concerns, please don't hesitate to reach out to the school.

Thank you for your involvement and enthusiasm!

INTERNATIONAL FAIR T-SHIRT ON SALE

For parents wishing to keep a memory of this cultural event, we invite you to consider purchasing the International Fair 2026 T-shirt, designed by one of our MYP students. This is a wonderful way to commemorate the occasion!

In the PYP ATL (Approaches to Learning) skills help children learn how to learn. One important ATL skill is self-management.

Self-management skills help children succeed in school, work, and life. Self-management means children learn to:

- control their feelings
- think before acting
- stay calm when stressed
- stay focused and try their best

At school, we teach students how to set simple goals, work toward their goals, stay organized, and practice self-discipline. These skills help children become more independent and confident learners.

Parents can help their children improve self-management skills at home by:

- keeping daily routines (morning, homework, bedtime)
- encouraging children to try tasks by themselves
- giving simple choices (two options)
- helping children break big tasks into small steps
- praising effort, not just results

When children practice self-management every day, they build skills that support their learning now and in the future.
