- 12 - Pool Party
- Last ½ Day
- Reports sent by 1:00

Keeping a life balance with time for physical activity

Dear Parents and Students

April flew by with the 2 week break in the middle hence the short newsletter. Students all returned and settled back into routine quickly. As this is a short quarter with only 6 weeks remaining I would encourage parents whose children fly home to book their tickets early. You will note from the calendar that the last week of school in June (8th to 12th) is activity week, with Friday 12th being a half day. With that the residential staff will work at keeping the students focused and on task with their academic pursuits till the end.
