Learning Updates - sent 3:30
- 21 - Res: Ice skating
- 27 - Student Led Conferences PC & MC
- 28 - Res: Rock Climbing @ Progression

Dear Parents and Students

This quarter is rushing by and with it many events and happenings. The most important of which is academics or school work. The Residential Life Program is a very forgiving place. The students are often told that residential is practice for real life. That is why we encourage students to try, to have a go. They may make mistakes, they may make a mess of it, they may decide they don't like the activity. But if they don't take the opportunity to try here, where they can make mistakes and its okay and they can decide they don't like something, at least by trying in a forgiving environment it's a lot easier than waiting till they are in the real world where it is not so forgiving. So,...have a go...try!

**Craft week
activities,
birthday
celebrations,
Art
exhibition
and Lunar
New Year
dinner**

**A day
for being
a tourist
visiting a
research
farm,
a
rose farm
and
a
strawberry
farm**

**Yum
Yum!**

A bit of manual labor

Many attractions at Royal Garden

What a great location for a hike

Teamwork and following instructions
