PRIMARY WEEKLY NEWSLETTER

THANK YOU!

A huge thank you to all the parents who joined the Learner Profile Assembly to celebrate our August birthdays and honor our award recipients! We also extend a heartfelt thank you to everyone who attended our first Parent Support Group meeting. Your presence and active collaboration with our administration team mean so much to our school community.

Lastly, thank you for your wonderful cooperation during **Season 1 After School Activity (ASA) registration**—our ASA coordinator, Coach Nich was thoroughly impressed by how promptly everyone signed up!

MAP GROWTH TESTING UPDATE

The first week of MAP Growth testing went smoothly, and assessments will continue through September 18, 2026. As always, your support at home makes a huge difference. Please continue encouraging your child's well-being—ensuring good rest and a calm mindset so they can feel confident and do their best. This initial testing window is vital for establishing a baseline (RIT Score) to measure academic progress accurately across the school year. Additionally, the results help teachers identify specific learning targets, allowing us to tailor individualized support and intervention for every student. Thank you for your continued partnership!

BUILDING LIFE SKILLS & RESPONSIBILITY AT HOME

Parents are a child's first teachers, and guiding children in essential life skills is just as vital as supporting their academics. Encouraging your child to help with age-appropriate chores—such as setting the dining table, washing their own dishes, watering plants, or carrying groceries—fosters a strong sense of responsibility and self-reliance. When children learn to contribute at home, they develop the confidence and care needed to make the world a more thoughtful place.

PROTECTING STUDENT PRIVACY: A QUICK REMINDER

To keep all of our students and staff safe, please remember our photo guidelines during school events:

Take photos of your own children only.

Do not post photos or videos of other students on social media.

Many families have different privacy and safety needs for their children. Thank you for helping us respect everyone's privacy and keep our school community safe!

INTERNATIONAL DOT DAY: CELEBRATING CREATIVITY!

On Tuesday, September 15, our school will join millions around the world in celebrating International Dot Day—a global event dedicated to inspiring creativity, courage, and collaboration. We encourage you to talk with your child about how even a simple dot can be the start of something amazing. To help us mark the occasion, students are invited to wear polka dots or dot-themed clothing to school on September 15! For more information, please see this website: <https://www.internationaldotday.org/>

FLAG RAISING

Monday, September 7

Hazuki + Kento

After School Activities

By Coach Nich

What a fantastic start to our first season of After School Activities! Thanks to your overwhelming support, we had over 170 sign-ups, with nearly 95 students staying after school each Tuesday, Wednesday, and Thursday to dive into everything from CMAC sports like basketball skill work to creative playtime.

It is wonderful seeing our young Dragons thrive, from Early Years enjoying Jazz Dance, Story Time, and Play-dough, to older students pursuing CMAC Swim, Body Strength, Board Games, and Talent Show practice. These intimate settings offer a brilliant space for our kids to build teamwork and lasting social connections.

Looking ahead, we are excited to expand next season with Robotics, Coding, and future CMAC sports like soccer. Thank you for your incredible energy and partnership!

Learner Profile Assembly

By Ms.Cassidi

Our First Learner Profile Assembly

We celebrated our first Learner Profile Assembly of the year! Our Grade 1 students proudly shared what they have learned about being Principled. As part of their action, they encouraged our school community to think about how we can all be principled by making responsible choices, doing what is right, and considering how our actions affect others. Well done, Grade 1, for leading us by example and reminding us that even small choices can make a big difference!

ELA Parent Meeting

By Ms.Lydia

Welcoming Our New ELA Families

Thank you to all the families who joined us for our annual New ELA Parent Meeting! It was a pleasure to welcome families who are new to our English Language Acquisition (ELA) Program and share more about how we support our students as they develop their English language skills. Families can also support language growth at home in simple ways-reading together, talking about books or daily experiences, enjoying English audiobooks, or watching favorite shows with English subtitles. Even a little practice each day can help build confidence and proficiency. Thank you for partnering with us and supporting your child's English language journey.
