

AMERICAN PACIFIC INTERNATIONAL SCHOOL

HIGH SCHOOL PROFILE 2026-2027

CEEB Code: 695404 IB School Code: 002907

Mission

American Pacific International School, as a community passionately educates, inspires, nurtures, and maximizes each student's potential to become a global citizen, and a happy life-long learner.

Vision

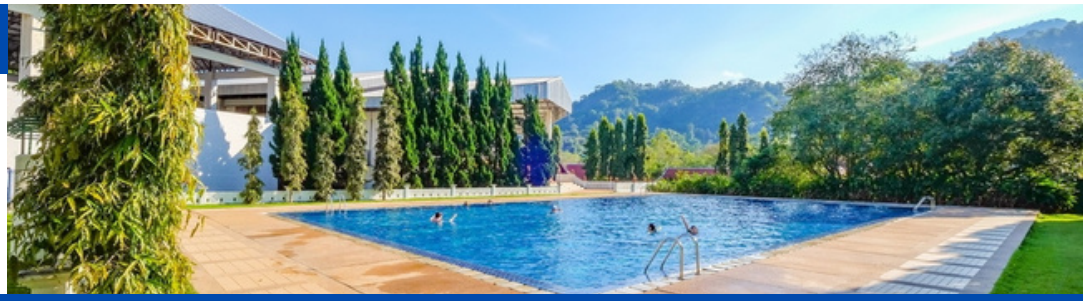

Students will graduate from APIS as empathetic, self-reliant, internationally minded citizen

Values

Community
Diversity
Responsibility
Balance

APIS Main Campus (MC) is located in a rural setting surrounded by small villages, rice fields, farms, and resorts. This natural environment provides unique opportunities for learning outside the classroom and enjoying nature during free time. Additionally, many of our support staff are hired from the local villages surrounding our campus, allowing our students to benefit educationally and further develop their international-mindedness.

American Pacific International School (APIS) is Chiang Mai's first internationally accredited boarding school, offering a rigorous academic and residential curriculum that works in harmony towards consistent educational aims and values. APIS attracts students from a diverse range of backgrounds, with over 17 different nationalities represented in the student body. Through the experience of living and learning together, students develop personal responsibility, international-mindedness, and strong community values. This holistic education prepares them for success in the modern world.
